
PRE-INCORPORATION IP ASSIGNMENT AGREEMENT

THIS AGREEMENT is made effective as of the date on which it is last signed by the parties below,
AMONG: JORDAN TAYLOR, ABDULRAHMAN KASSEM, and MIGUEL ANGEL SEGURA (each an “Assignor”), **AND JAM WORKS INC.** (the “Corporation”).

1. Assignment

For good and valuable consideration (including the issuance to each Assignor of founder shares in the Corporation, the receipt and sufficiency of which are acknowledged), each Assignor hereby irrevocably assigns to the Corporation all of their worldwide right, title, and interest in and to the intellectual property described in Schedule A, including: all software source code, prompts, configurations, and documentation; all copyright, trade secrets, know-how, and inventions (whether or not patentable); all product names, brands, logos, and associated goodwill; all domain names, accounts, and registrations; and all causes of action for past infringement.

2. Moral rights

Each Assignor waives, in favour of the Corporation and its successors, all moral rights in the assigned works.

3. Further assurances

Each Assignor shall promptly sign any further documents and do anything else reasonably necessary to perfect the Corporation’s ownership (including transferring account credentials, domain registrations, and third-party service accounts listed in Schedule A).

4. Representations

Each Assignor represents that, to their knowledge: (a) they have the right to assign what this Agreement assigns; (b) the assigned IP was not created in the course of, or using the resources of, any employer, and is not subject to any prior employer’s invention-assignment or similar agreement; and (c) they have not previously licensed or encumbered the assigned IP.

5. General

Governed by the laws of Alberta and the federal laws of Canada. May be signed in counterparts, including electronically. This Agreement survives and is confirmed by the Founders’ and Shareholders’ Agreement of even date.

SCHEDULE A — ASSIGNED INTELLECTUAL PROPERTY

1. **Dispango** — AI voice-agent dispatch service for locksmiths and trades:
 - Source code repository: `github.com/miguelangelsegura/mj-locksmith-webhook` and all branches, history, and related repositories, including the marketing website source contained in it;
 - The Vapi account (currently held by Miguel) and all assistants, phone-number configurations, system prompts (all versions), and structured-output schemas within it;
 - The Supabase project (database schema, edge functions, stored data), project ref `yqyvybukyfokyfsjzyso`;
 - The Twilio account (currently held by Miguel), its configuration, and the phone number +1 (651) 444-4875;
 - The brand name “Dispango”, associated logos, and the domain `dispango.com` (currently registered to Miguel);
 - The sales playbook, outreach templates, and related business documents.
2. **CoverCraft** — AI document-generation product (cover-letter generator):
 - Source code repository: `github.com/miguelangelsegura/Cover-cracked` and all branches, history, and related repositories;
 - The brand name “CoverCraft” and associated logos (no domains registered as of the date of this Agreement);
 - All prompts, templates, and related documentation.
3. All other work product created by any Assignor before the date of this Agreement that relates to the business of the Corporation, whether or not listed above.
